Trial Reduction **Ice Cost for Figure Skating NROC Coaches**

Dear Figure Skating Community,

In the SISA EXCO meeting held on 29 February 2016, the Director of Figure Skating's proposal for a review of the ice-cost for Figure Skating NROC Coaches was approved i.e. a reduction of the ice-cost from \$54.00 to \$10.00.

2 This is aimed such that the "savings" will be translated into a reduction of actual coaching fees and will lead to increased participation on SISA's ice-time.

3 Please take note that the intent of this initiative is primarily exploratory and will be effective on a trial basis for ice sessions in May and June 2016. Thereafter, the general consensus and feedback of the Figure Skating community would be sought. Where appropriate, areas for improvement will also be identified and addressed before SISA's EXCO will approve any final proposal for implementation.

David Chandra
Honorary Secretary
Singapore Ice Skating Association
